

SATYAM TIWARI

Software Engineering Student — AI Enthusiast

sttiwari9211@gmail.com — +91-8543874104 — Mainpuri, Uttar Pradesh — LinkedIn — GitHub — Portfolio

Career Objective

B.Tech IT student with strong programming and problem-solving skills, seeking Software Development opportunities while advancing expertise in Artificial Intelligence to build scalable solutions.

Education

B.Tech in Information Technology

Rajkiya Engineering College, Mainpuri

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow

Currently Pursuing (2nd Year)

Intermediate (+2), 81%

2022–2023

High School, 81%

2020–2021

Technical Skills

Programming: C, Java, Python, JavaScript

Web: HTML, CSS, JavaScript

Core: Data Structures, OOPS, Problem Solving

AI: Introduction to Machine Learning, Python for AI

Tools: VS Code, Git & GitHub

Projects

Phishing Website Detector

- Built phishing detection system using HTML, CSS, and JavaScript.
- Implemented rule-based URL analysis to identify suspicious or malicious websites.
- Strengthened frontend development and logical validation skills.

Scientific Calculator (Java)

- Developed using Java with OOP principles.
- Implemented advanced mathematical and matrix operations.
- Strengthened understanding of logic building and algorithms.

GST Bill Generator

- Designed billing system to calculate GST and generate structured invoices.
- Implemented accurate tax computation logic and formatted output handling.
- Improved understanding of real-world business logic implementation.

Student Record Management System

- Designed CRUD-based record management system.
- Applied file handling and structured data management concepts.

Languages

- Hindi (Fluent)
- English (Professional Working Proficiency)
